

Cybersecurity Operations Solutions for SMEs

Chaiyanath Chamoraman

Managing Director
E-C.O.P. (Thailand) Limited

Opportunities

*“Micro, Small and Medium Enterprises (MSMEs) are integral to the economic development and growth of ASEAN Member States. Allowing for different definitions, there are **70 million** MSMEs in ASEAN, accounting for between **97.2% – 99.9%** of total establishments in ASEAN Member States. --”*

Ref. **Development of Micro, Small, and Medium Enterprises in ASEAN (MSME), The ASEAN Secretariat**

Common SME Pain Points

- **Commercial license cost**
- Complexity in operation processes
- Technical skills

Solutions

License cost reduction

Adopt open-source for

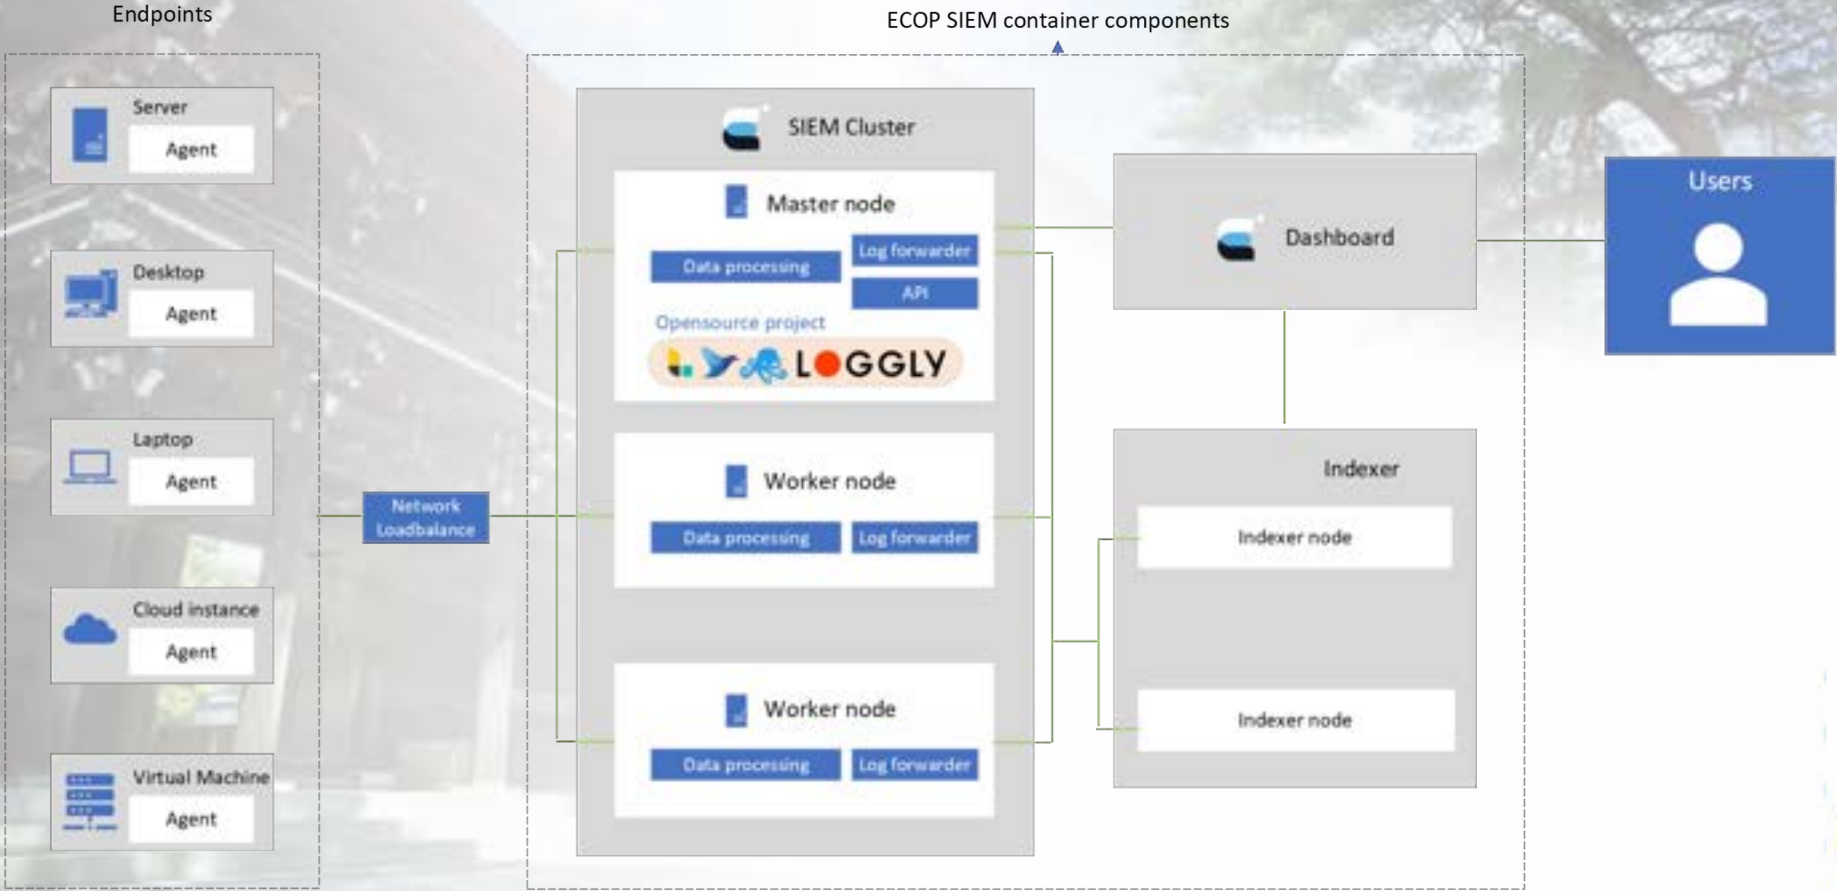

- SIEM
- EDR
- XDR
- CTI
- Etc.

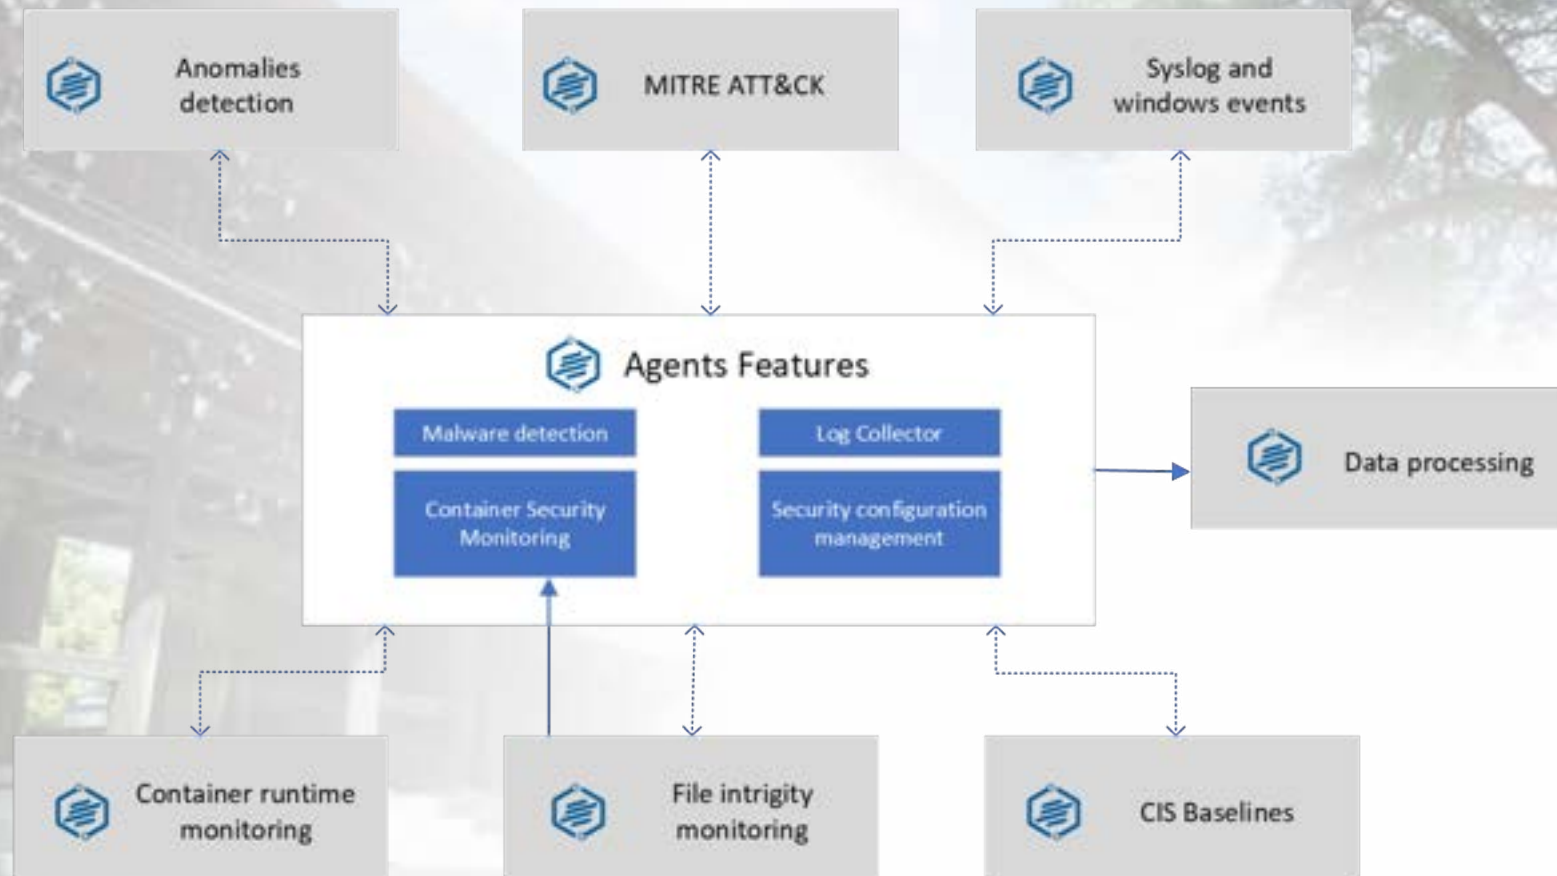

Also Improve resiliency by
implement all components as a
Container based

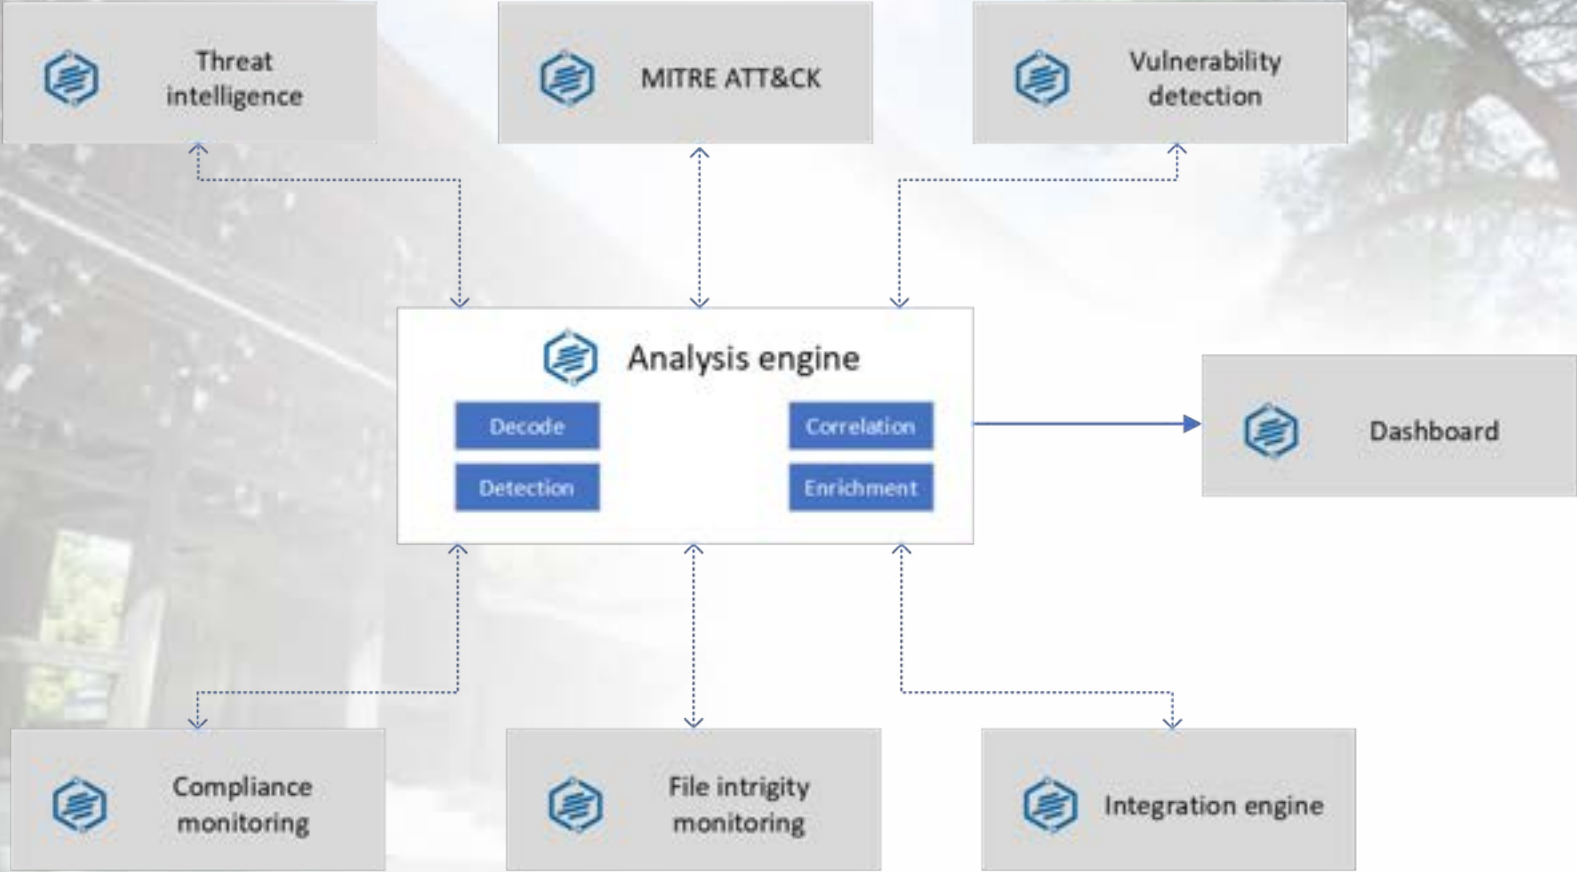

Architecture

Agent

Core engine

THANKS!

Any questions?
